Parents and carers, please fill out the online vaccination consent form to let the service know whether or not you want your child to be vaccinated. You can also indicate if you want your child to have the nasal spray vaccine (which offers the best protection) or the injectable vaccine, which is pork gelatine free.

If you are having trouble using the online form you can call the service on **0300 300 0007** or e-mail [lpt.sais@nhs.net](mailto:lpt.sais@nhs.net)

Young people may be allowed to self-consent for the vaccination if the service does not receive a parental or carer consent decision. This will only be offered to young people in year 8 and above, who have read the appropriate vaccination information and who are assessed by a health professional as having enough understanding to fully appreciate what's involved. Only those who are clearly comfortable in receiving the immunisation will have it.
