

TGSA Safeguarding

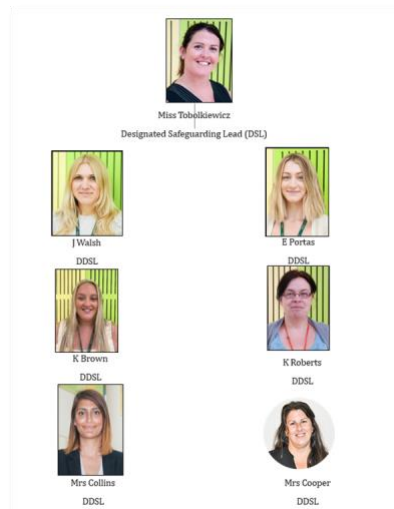

“Protecting those at risk of harm; promoting the welfare of all”

Did you know? Every member of staff in school is responsible for safeguarding!

Safeguarding is;

- How we help you to look after your health, safety, welfare and wellbeing, both in school and the wider community.
- How we educate you about risks and things that could cause you, or others, harm.
- Showing you how to share your concerns and worries.
- The support and interventions we put in place when students have safeguarding worries.
- How we work with other adults and professionals (parents/carers, Children’s Services, police, health, etc) to make sure we are protecting our students.
